Dear Director, Administrative Office of the U. S. District Courts

This letter is in response to a notice I received from the United States District Court in reference to the above case number. When I filed a complaint involving violations of my United States of America Constitutional rights and other violations of the United States of America codes and laws, I did so in forma pauperis. The forma pauperis application was denied unjustifiably and without cause. It also appears that the court clerk had sent past due notices for payment of the filing fee to the wrong address informing me that the fee still needed to be paid. When I finally received the last of the notices (the only one I ever received), which was the third and final notice to pay this fee, it was on the 5<sup>th</sup> of July. On the 12<sup>th</sup> of July I received another court action for Order to dismiss the complaint for failure to pay. The court indicates in the dismissal Order that I was ordered to appear at a hearing on July 7<sup>th</sup>. I never received a court order to appear at any time or I would have appeared without hesitation. I am asking for your assistance in this matter because of financial hardship to my family and I, due to the current state of the economy. I am unable to pay the filing fee but still maintain that my Civil Rights have been grossly violated. I ask for relief in that the case is reopened and the fee be waived in this matter. If I need to file a new complaint I will proceed with this action however let it be stated for the record that I have met all the necessary time requirements in order to proceed with this complaint. Please respond at your earliest convenience.

Sincerely,

Gary Howard Kidgell
